

Menu Update: Effective October 2024, with subsequent in-house reviews every four weeks.,

Please read our allergen disclaimer below:

This table highlights the food items we sell that contain allergens. Our ingredients and product specifications can change. Even if you have dined with us before, you must inform our staff of your allergen or intolerance needs before placing any orders. Information in this document identifies the 14 major allergens, which relate only to the menu's ingredients, and does not consider any customisation or requests made.

Please remember that our staff are trained to adhere to this document. Any changes the customer makes will be done so at their own risk.

Unfortunately we cannot guarantee an allergen-free kitchen environment because our internal food production processes and source ingredients may have been produced in environments that handle additional allergens. While we have strong procedures for separating our food during it's preparation & cooking, sometimes this may involve shared equipment - such as deep-fat fryers and food preparation/cooking areas.

		Tick = Contains Allergen														
		Tick = May Contain Allergen (stated on supplier product label)														
		Tick = Deep Fried Item Food items share the same deep-fat fryers. Therefore elements of the 14 allergens are present. Please ask a member of staff for more informationic
